MENU CONTENT DISCLAIMER

This complimentary menu was revised on **03/03/20** and may, or may not be the most recent version. This document is provided through The Vortex website as a courtesy to our patrons. It is NOT an advertisement of products, nor a contract of any kind. While we do our best to keep our reference materials up-to-date, please be aware that all information contained herein is subject to change without notice.

21 AND OVER ONLY

The Vortex was designed as a social gathering place for adults. It is a bar. As such, we restrict access to people 21 and over, and require all patrons to present a valid form of identification to enter the premises. If you are ever denied entry to The Vortex because you don't have your ID with you, it's your own damned fault for being a dumb-ass. Who doesn't carry identification?

CUSTOMER FEEDBACK

We can't address issues we're unaware of, so we always appreciate hearing from our loyal patrons. You can contact us through our website at www.TheVortexATL.com by clicking on the "CONTACT" tab in the upper navigation bar, and then following the prompts. All emails received become the property of The Vortex Bar & Grill, and may be used by us for any purpose whatsoever.

TAKE-OUT ALCOHOL

By law, The Vortex is not permitted to sell any alcoholic beverages "to-go" with the exception of opened bottles of wine that are not finished by patrons when dining in-house. These bottles may be re-corked and be taken home by the customer. No other alcoholic beverage may leave our premises at any time.

DRINK RESPONSIBLY

Be safe. Be smart. If you plan on doing some serious drinking always designate a driver. Better yet, download those ride sharing apps. Just never drive impaired. It's dangerous, and DUIs suck. Besides, waking up in your own bed is always better than waking up in county jail. Trust us.

SINGLE MALT SCOTCH (25 Varieties) – Measured 1.5-oz. Pour

Single Malt Scotch is malted-barley whisky produced in a single distillery. Scotch, which can legally only be made in Scotland, must be aged at least 3 years and be no less than 40% ABV. That is true for blends as well. Scotland is divided into the six (6) whisky producing regions listed below. Variations in flavor profiles are the result of many factors including the use of specific raw materials, climate and subtle differences in production techniques.
